

*Sunnyslope Estate*

*Personal Care Assisted Living*

*Our Mission...*

- *To provide a home-like atmosphere, one in which personal care is focused at seeing each resident as an individual with unique needs.*
- *To improve our resident's present situation by providing close supervision as needed.*
- *To help the resident adjust to his or her new lifestyle while also maintaining his or her dignity and sense of self worth.*
- *To be patient, even if it takes all day!*
- *To meet not only the resident's physical needs, but also their emotional and spiritual needs.*
- *To incorporate the family in helping the resident through his or her period of adjustment.*
- *To respect the resident's rights as a person*
- *To be able to recognize changes in health, always remembering that a truly healthy person has peace of mind, body and spirit.*
- *Being a friend to those who become members of your household will always play a vital part in performing our duties proficiently.*
